

Keynote Grammar Project ACLA 2

You are creating a teaching tool for other students. Your project will require that you work with a partner and that all work be done in class. Because of this, please try to be present in school so your partner does not have to proceed without you.

REQUIREMENTS:

1. You must create at least 6 slides but no more than 8.
2. The first slide must introduce the topic and name the students who created them.
3. The third slide must define and give examples of your specific topic.
4. Slides 4-7 will be the exercises you have created for students to work on as a review. These can be in any format you wish to use. For example, you may create multiple-choice questions, matching exercises, game-type lessons, etc. Be creative and make this fun!
5. The last slide will be a final review. You must redefine your topic and then have a clever ending. For example, "Created by Mary and Bob, your objects of the preposition!"

TOPICS:

ACTION VERBS :

- a. direct objects
- b. indirect objects

LINKING VERBS:

- a. predicate nouns
- b. predicate adjectives

PREPOSITIONAL PHRASES:

- a. as adjectives
- b. as adverbs
